reddot design award
winner

Share our passion for furniture!

A short introduction

The history of HIGOLD as a company goes back to 1989. From the nineties the company developed itself to a reliable manufacturer of kitchen hardware. From 2011 we may call ourselves a leading brand in China. In 2005 we decided to expand our business activities with furniture, to be precise top quality outdoor furniture. First under private label, later on we decided to launch and build our own brand HIGOLD excellent outdoor.

A brand with a mission

That is for sure. We like to inspire the luxury outdoor market with our brand and prove our promise: live the excellent life. Not only in China, but all over the world. Therefore we launched HIGOLD excellent outdoor shop in Europe at the first quarter of 2014 and started launching the brand with one of our partners in the Netherlands. From here we have connected various enthusiastic agents, dealers and retailers and we are building the brand. At the moment we are active in Holland, Germany, Spain, Portugal, Italy, Switzerland, Belgium, USA and Qatar. In these countries famous hospitality brands like Hilton, Sheraton and Jade Beach have already met the brand and gave their terrace the right ambiance with one or more HIGOLD models.

Our ambition

All together the HIGOLD business activities have led to a very promising turnover. A result that we are absolutely proud of. But we are ambitious and are ready for our next step. In terms of our collection and in terms of expanding to additional countries. To start with Northern America. To handle this growth ambition we have just finished building a complete new sustainable factory. Wherefore we obtained all relevant certificates. The building not only has a great look, but also guarantees the best working conditions.

Our collection strategy

We believe that design makes a difference. The fact that we have won the prestigious international Red Dot award in 2014 and 2016, for our Shenzhou X series and Icook collection, emphasizes that. From that point of view we have attracted top designer Nicolas Thomkins to work with the HIGOLD outdoor collection. He is worldwide known and famous for his original signature, iconic designs & functional furniture and is also a Red Dot award winner. In 2016, Pininfarina Extra started to work with us in designing our new head office and also furniture, which sets a benchmark in HIGOLD's history.

Sincerely,

Founder & President of the HIGOLD group
Mr. Alwin Ou

NICOLAS THOMKINS

CHIEF DESIGNER

NICOLAS THOMKINS, born in Switzerland and based in Germany, has a very large knowledge background and a strong sense of humor. He joined in Higold design team in 2014 and has completed several original designs. Among all, Airport collection, both applicable in outdoor and indoor use, has been regarded as the benchmark of new design trend in furniture industry. The initial application of Corrugated Aluminum Sheets upon furniture has attracted eyes and good compliments from abroad and home. He focuses on product details and user experience by applying ergonomics into product design. His design advocates nature, fulfills positive spirit, and contains his understanding to life and the pursuit to health. He dares to break the rules and touch the soul. His works keep leading the creative trend in the industry of outdoor furniture. The Yin Yang chair from Nicolas, merging the Chinese and Western culture, successfully attracted people's eyes and stood out among all entries, and won the best of the best Red Dot Award, one of the top design awards in the world.

AIRPORT

DESIGNED BY NICOLAS THOMKINS

AIRPORT collection is made of bend-extruded T Profile and corrugated sheet-metals (CSM) that was used by the Junkers Airplane Company of Dessau as the most suitable material to build the first and biggest fleet commercially-used planes. Corrugated sheet-metal (CSM) made of steel or aluminum has been known and mass produced all over the world to cover walls and roofs for any kind of domestically or commercially-used buildings. The corrugation in various proportions is the synonymous for longevity and a never-aging esthetic appearance. CSM is most versatile and cost-effective, production is simple and the applications are boundless. It's typical wave design that has also become the standard appearance for durable high-end travel luggage. Corrugated metal sheets are inserted into flat-metal frames like pictures. By adopting architectural proportions and elements, the Higold 'Airport' outdoor collection can be imbedded in public environments as well as in private gardens and on the terraces.

CORRUGATED METAL SHEETS ARE INSERTED INTO FLAT-METAL FRAMES, WHICH HELPS TO ACHIEVE A REASONABLY FUNCTIONAL AND STRUCTURAL UNITY.

THE SEAT PANEL IS CONVENTIONAL WITH TEXTILES FOR COMFORT AND THE CUSHIONS FOLLOWING THE CORRUGATED STYLE HELP THE BODY TO BREATHE AND RELAX

A PERFECT COMBINATION OF METAL AND WOOD BY INSTALLING WOOD SLATS ONTO THE METAL ARMRESTS TO DECORATE, WHICH LOOKS SIMPLE BUT VERY LUXURIOUS

AIRPORT TROLLEY

The design of the 'AIRPORT' service-trolley from HIGOLD is based on the robust and versatile function of airline-trolleys. The structure of this container is epoxy-coated aluminum with a yacht teak deck. Glasses and bottles are stored in telescopic drawers and ice-cooled drinks remain fresh in the stainless-steel container. Swivel castors ensure mobility and the built-in locking ensures a firm stand. The AIRPORT trolley is multifunctional, like its raw-model. This practical container offers an additional work surface in the kitchen as well as in gardens and on terraces. On its teak work-top, cocktails can be mixed in style, but also an espresso machine, or BBQ-grills can be operated perfectly here.

THE CORRUGATION IN VARIOUS PROPORTIONS IS THE
SYNONYMS FOR LONGEVITY AND A NEVER-AGING
ESTHETIC APPEARANCE
